Rizwan Jamal

Rizwan Jamal is highly experienced Senior Solutions Architecture at Aviatrix. He is an expert on hybrid and public cloud networking

With over 25 years of experience in the technology sector, Rizwan has established himself as SME in Cloud Computing, Datacenters and Colocation networking services.

His past career highlights include:

- Principal Network Architect at Equinix, where he was responsible for global network architecture and engineering, introducing innovative solutions like Intent-based Programmable Network for Equinix Interconnection services.
- Senior Service Engineer at Microsoft, where he was a senior member of the NIS design team, developing scalable and cost-effective network designs for Microsoft's internal datacenters and worldwide network.
- Network Consulting Engineer at Cisco, where he was responsible for designing and building core networking for large enterprises and telcos such as Bell Canada.

Meet the Solutions Architects – ACE North America

Shahzad Ali

Shahzad Ali is Vice President of Solutions Architecture at Aviatrix. He is an expert on private and public cloud networking and coined the Multicloud Network Architecture (MCNA).

He is also a co-founder and content lead for the Aviatrix Certified Engineer (ACE) Program, the industry's first multicloud networking certification.

Shahzad previously led the Solutions Architecture team at VMware, where his team played a crucial role in growing VMware's NSX business.

Before that, he spent over a decade in technical and leadership roles at Cisco Systems.

Aviatrix ACE Security Course Agenda

| Topics | Approx. Duration (Minutes) |
|--|----------------------------|
| Introduction | 25 |
| Zero Trust Architecture (ZTA or ZTNA) | 25 |
| Asset Inventory and Grouping (Smart Groups) | 15 |
| Break | 10 |
| Distributed Cloud Firewall and FireNet | 35 |
| Cloud Perimeter Security | 25 |
| Micro Segmentation | 15 |
| ThreatIQ , Geoblocking and Anomaly Detection | 15 |
| Break | 10 |
| Security Visibility | 10 |
| SecOps (Netflow, Alerts, RBAC) – Demo | 20 |
| Self-Service LAB and Quiz and Survey | 35 |
| Total Duration | 240 min (4 hours) |

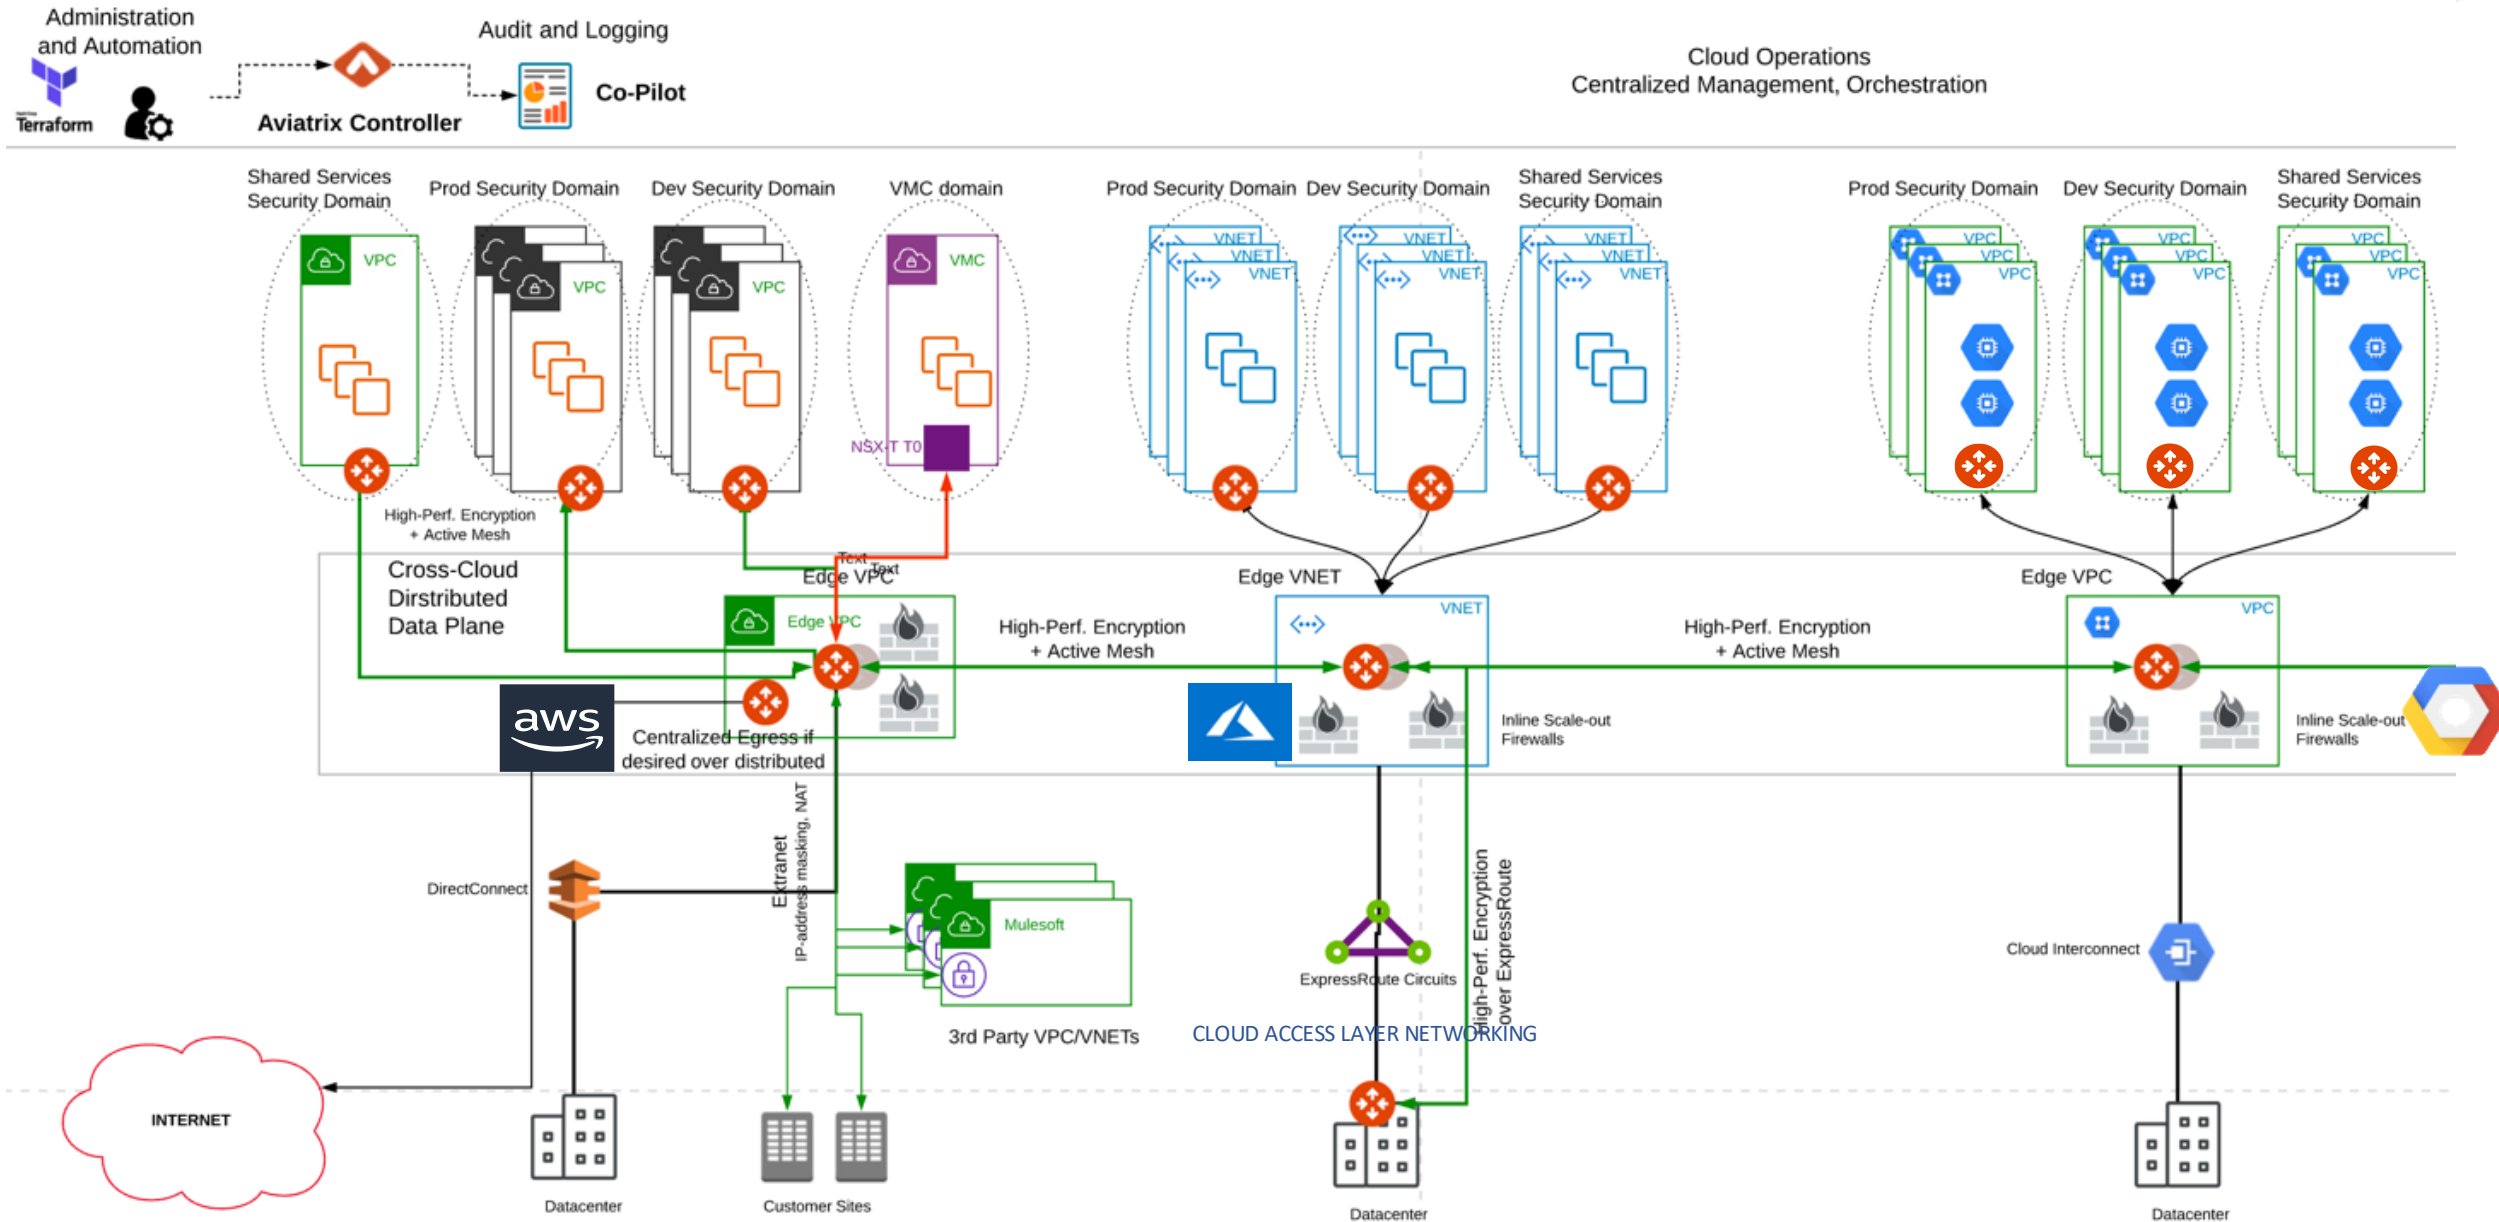

Aviatrix Secure Cloud Networking | Distributed Security and Operations

Embedded Security and Operations – The data plane sees every packet

Blueprint of Cloud Networking – Example from a 4 years long Project

Course Overview and Learning Objectives

Overview:

- Business-critical apps need advanced security controls with resiliency
- Customers need “cloud-friendly” and “modernized” security solutions.
- Overview of cloud security with a simple and repeatable approach
- Augment CSP features with consistent security designs

Learning Objectives:

- Design a Resilient Zero Trust Network Architecture (ZTNA)
- <https://www.nist.gov/publications/zero-trust-architecture>
- Learn the advantages of using a distributed security model over a centralized model
- Learn the cost optimization tips and tricks while improving security.
- Best practice, repeatable security design for single, multiple, and hybrid clouds.

ACE Courses - <https://aviatrix.com/ace/>

Standard Courses

The ACE Associate badge is a shield-shaped badge. It features the Aviatrix logo at the top, 'ACE' in large letters, and 'ASSOCIATE' at the bottom.

ACE Associate
Learn CSP networking basics

Get Started Here Self-Paced

The ACE Professional badge is a shield-shaped badge. It features the Aviatrix logo at the top, 'ACE' in large letters, and 'PROFESSIONAL' at the bottom.

ACE Professional
Deploy proven design patterns for a multicloud network architecture

Virtual Instructor-Led

The ACE Design Expert badge is a shield-shaped badge. It features the Aviatrix logo at the top, 'ACE' in large letters, and 'DESIGN EXPERT' at the bottom.

ACE Design Expert
Design your own scalable and secure multicloud network

In-Person Design Defense

Specialty Courses

The ACE Automation Specialty badge is a shield-shaped badge. It features the Aviatrix logo at the top, 'ACE' in large letters, and 'AUTOMATION SPECIALTY' at the bottom.

ACE Automation Specialty
Use IaC tools to build, enhance, and secure infrastructure

Self-Paced

The ACE Operations Specialty badge is a shield-shaped badge. It features the Aviatrix logo at the top, 'ACE' in large letters, and 'OPERATIONS SPECIALTY' at the bottom.

ACE Operations Specialty
Troubleshoot real-world Day 2 cloud issues

Virtual Instructor-Led

The ACE Security Specialty badge is a shield-shaped badge. It features the Aviatrix logo at the top, 'ACE' in large letters, and 'SECURITY SPECIALTY' at the bottom.

ACE Security Specialty
Learn to secure a cloud network

Virtual Instructor-Led

How to Get the ACE Security Certificate

1

ACE Associate is pre-req
Attend the training.

2

Pass the Quiz. 12 questions.
76% passing score. Retake
allowed. Based on the demo
lab pod

3

Complete the
Survey

Please do not share the Quiz and Survey links outside of this
group

LAB Access

<https://docs.aviatrixlab.com/ace-security/>

- Read-only lab access is provided
- Make sure you can log in
- During the lectures feel free to browse the UI
